Orion Wyatt (Currently Outdated)

Personal profile:

My name is Orion Wyatt and I'm a 16-year-old student of CWA. I'm currently without a job and do wish to find one further forward in time. However I'm currently on the hunt for unpaid work experience to meet the quota required to pass my course, allowing passage to a (hopefully) successful career.

If you should know any one thing about me, it's that I prefer to keep to myself. However that doesn't necessarily mean I'll be unwilling to work with any assigned team or ignore people when I'm spoken to. Afterall, it's merely a preference, **not** a demand.
